

July 20, 2026

Dear Patients,

We are writing to let you know that Dr. Olk will be leaving Advanced Sight Center effective August 20, 2026. He will remain in St. Louis to continue to practice medicine. While we know changes in your healthcare team can be concerning, we are committed to ensuring your exceptional care continues without interruption. We have partnered with Retina Associates of St. Louis so patients needing retina care will continue to receive exceptional treatment locally in Washington, Missouri. Dr. Ullrich and Dr. Lory will continue to provide comprehensive eye care at Advanced Sight Center.

Retina Associates is accepting new patients at all four of their locations, one of which is in Washington, Missouri. Drs. Glaser, Territo, Dudney, and Scanlon are highly trained and well-respected ophthalmologists. Their physicians are committed to providing compassionate, high-quality retina care, and we are confident they will continue to meet your retina needs. Additional information is also available online at www.retinastl.com.

If you have a current appointment with Dr. Olk, someone from Advanced Sight Center will call you to reschedule your appointment with the appropriate physician. Patients undergoing active treatment will be scheduled with one of the Retina Associates physicians. Patients with stable retinal conditions or those requiring routine follow-up may continue their care with Dr. Ullrich or Dr. Lory. If you do not have a current appointment with Dr. Olk, no action is needed at this time.

Retina Associates of St. Louis

Your records will be retained by Advanced Sight Center (as required by Missouri law) for a minimum of seven years. If you would like to have your records transferred to another physician or would like to obtain a copy of your own records, please fill out the attached records release authorization.

For any questions or additional information, you may contact Advanced Sight Center at 636-239-1650. We wish you all the best for your future health and happiness and look forward to continuing our care in our office as well as with our new partners.

Sincerely,
Your friends at Advanced Sight Center

David A. Glaser, M.D.

Board-Certified Vitreoretinal Specialist

Dr. David Glaser has more than 20 years of experience providing specialized retinal care to patients throughout the St. Louis area. He earned his medical degree from the University of Missouri-Kansas City and completed his ophthalmology residency at the New York Eye and Ear Infirmary, where he served as Chief Resident. He then completed fellowship training in retina and vitreous surgery and disease at the University of Illinois Chicago Eye and Ear Infirmary. Dr. Glaser has also participated as an investigator in numerous clinical trials and presented at national medical meetings.

Carla Territo, M.D.

Board-Certified Vitreoretinal Specialist

Dr. Carla Territo brings more than 20 years of experience in retinal care. She earned her medical degree from Hahnemann Medical College, where she was elected to the Alpha Omega Alpha Medical Honor Society. Her advanced training includes an ocular oncology fellowship at Wills Eye Hospital, a medical retina fellowship at Northwestern University and a surgical retina fellowship at the University of Texas Southwestern Medical Center. Dr. Territo has also served as a clinical faculty member at several respected medical institutions.

B. Wayne Dudney, M.D.

Board-Certified Vitreoretinal Specialist

Dr. B. Wayne Dudney joined Retina Associates of St. Louis in 2010 and provides specialized care for diseases of the retina and vitreous. He earned his medical degree with honors from the University of Tennessee College of Medicine and completed his ophthalmology residency at the University of Texas Southwestern Medical Center. He then completed a vitreoretinal surgical fellowship at the National Retina Institute in Baltimore. Dr. Dudney also received training in ocular oncology at Wills Eye Hospital and has earned recognition for his contributions to research, education and leadership.

Clayton G. Scanlon, M.D.

Board-Certified Vitreoretinal Specialist

A St. Louis native, Dr. Clayton Scanlon returned home to provide specialized care for patients with diseases of the retina and vitreous. He earned his medical degree from the University of Toledo College of Medicine and completed his ophthalmology residency at Saint Louis University, where he served as Chief Resident and received awards for excellence in research and ophthalmology. Dr. Scanlon then completed a vitreoretinal surgical fellowship at the Vitreoretinal Foundation/Eye Specialty Group in Memphis. He joined Retina Associates of St. Louis in 2015.
